GETTING IN DEEP: DISCOVER UNDERWATER WORLD AS A COMMERCIAL DIVER

Category Package: **SPT**

Embark on a transformative journey into the depths of commercial diving with our immersive 5-day course. Explore the stark contrast between recreational and commercial diving as you delve into the intriguing world beneath the waves. Discover the diverse array of tasks undertaken by commercial divers and unlock the secrets of this exhilarating profession. From underwater welding to salvage operations, experience the adrenaline rush of real-world scenarios. Plus, plunge into the serene waters of a pool or island, fully equipped with SCUBA gear, and witness firsthand the thrill of exploration. Unleash your potential and turn your passion into a rewarding career.

ACTIVITIES

Participants will engage in:

- Theoretical aspects of underwater diving
- Different types of equipment used for underwater breathing/working environment
- The application of research interest in engineering perspective

LEARNING SCOPE

By the programme's conclusion, participants will able to:

- Understand the theoretical aspects of underwater diving, uncovering the mysteries of the deep and mastering the principles that govern this captivating realm.
- Navigate through the diverse array of equipment tailored for underwater breathing and working environments, distinguishing between the tools that facilitate exploration and safety beneath the waves.
- Harness their research interests from an engineering perspective, applying innovative insights to enhance and revolutionize the field of underwater exploration.
